PROJECT BENEFITS & EXPECTATIONS

José Manuel Fdez. Agudo, Real Federación Española de Vela

C3 EV-Final Colloquium Paris, June 29, 2012

SPANISH EXPECTED BENEFIT

- What have we learned after two years of meetings and collaborations?
- We understand other countries singular characteristics, related to titles and certificates.
- This was specially relevant due to the changes in the sports titulations context.

SPANISH EXPECTED BENEFIT

Knowledge of the participating countries titles:

- Certifications
- Competencies
- Training structure
- Teaching hours
- Differences

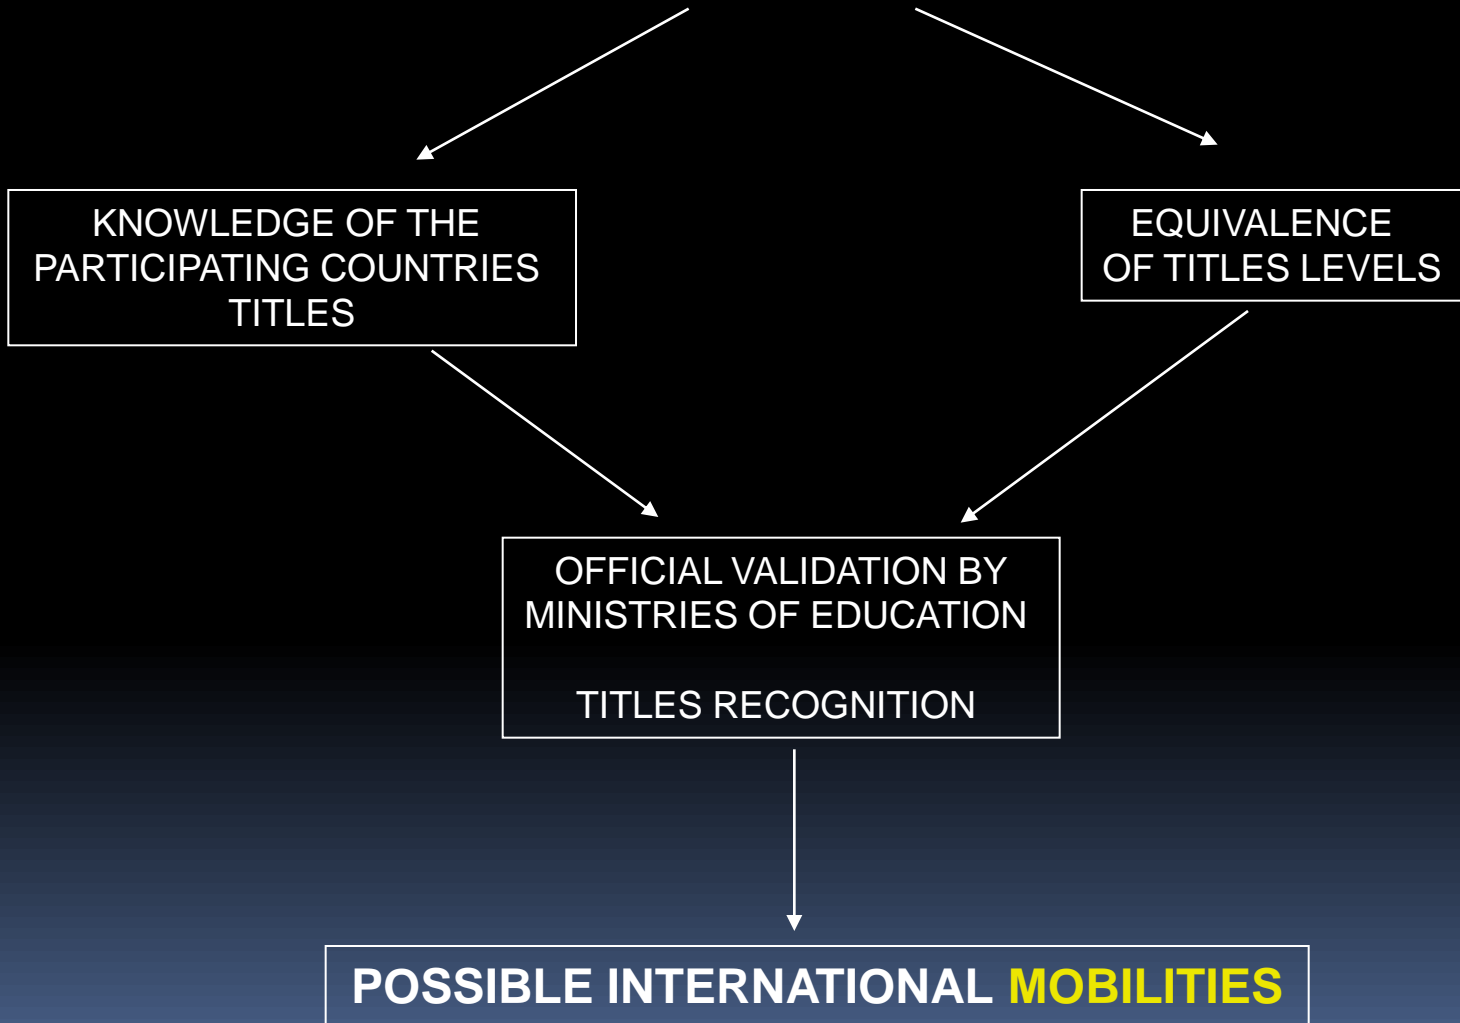

SPANISH EXPECTED BENEFIT

Levels of qualification equivalence:

- Level of competence
- Official validations

PROYECTO C3EV

MOBILITY

Facilitate mobility by:

- ★ Recognition of titles
- ★ Mutual trust
- ★ Use of common instruments

ACTIONS AND INSTRUMENTS

- European Qualifications Framework (EQF)
- National Qualifications Framework (NQFs)
 - Facilitates the recognition and transference of qualifications (accreditations)
 - Acts as a translator for the understanding between countries
